

PLAN OF CHURCHYARD

MENANGLE STREET WEST

MF
10/01

CARPARK

STONEQUARRY CREEK

No early plan to the graveyard is known to exist however the St Mark's Registers 1905-1982 do in most instances give a row number and between the period 1934 to 1979, in some cases, a grave number. Combining that information with the gravesites with headstones, it has been possible to identify the position of the rows. Numbers run from the Menangle Street West end of the graveyard towards Stonequarry Creek.
